

Component Level Repair

Mobile and Portable Radios

EASTERN
COMMUNICATIONS, LTD.

48-14 36th Street, Long Island City, New York | www.easterncommunications.com | Phone: (718) 729-2044

Need more from your budget?

Since 1976, Eastern Communications has provided mobile and portable radio repair services in the New York City Metropolitan area. Our 20,000 ft² facility in Long Island City is conveniently located in Queens, just minutes away from major highways. Our bench technicians are factory certified to repair radios at the component level - enabling us to offer our customers a quick turn-around and a lower total cost of ownership.

- Component level repair in NYC
- Extend the life of existing equipment
- Maintenance and Extended Warranty options available

Call today to begin your new cost saving initiative: (718) 729-2044.

REDUCE OPERATING COSTS

How much money does your organization spend replacing broken radios each year? Leverage Eastern's local repair facilities into reduced replacement costs and hard cost savings. And coupled with an extended warranty maintenance program, we can help you take control of your radio operational costs.

CUSTOMERS MATTER

We recognize that the very fabric of Eastern's success is the trust and loyalty earned from our customers. This type of relationship can only be earned over time by experiencing our company culture that says "Customers Matter". We aim to provide the best in quality products and services to satisfy our customers. Our goal is to earn the right to add your organization or agency to our list of customer references. That is our promise.
